Theron criticizes Baldwin's continued support of ObamaCare

Peter Theron, candidate for Wisconsin's Second Congressional District, criticized Congresswoman Tammy Baldwin's (D-WI) continued support of ObamaCare. On June 15 when House Republicans offered a motion to repeal the ObamaCare individual mandate, Baldwin voted against repeal. On June 16 Congressman Steve King (R-IA) filed a Motion to Discharge a "bill (H.R. 4972) to repeal the Patient Protection and Affordable Care Act." Baldwin has not signed this Discharge Petition.

Theron said, "Since Baldwin voted to enact ObamaCare, we have learned that many of the claims made about it by its advocates are false. Rather than lower premiums, ObamaCare will raise them. Rather than decrease the deficit, ObamaCare will increase it. Rather than allowing us to keep our insurance, ObamaCare will force as many as two out of every three Americans to change insurance plans."

Theron continued, "We are already running ruinous deficits. The Obama administration's admission that ObamaCare will not 'bend the cost curve down', but will instead add more debt, makes ObamaCare even more fiscally irresponsible. For the sake of our grandchildren, we must repeal ObamaCare and reform Medicare."

Theron concluded, "Despite the growing gap between the grand ObamaCare promises and the dismal ObamaCare reality, Baldwin has not reconsidered her ObamaCare support. Even as Britain and Canada work to add more private enterprise into their national health systems, Baldwin remains committed to forcible inserting government bureaucrats between us and our doctors. She wants Washington desk jockeys telling our doctors what care may be given and when care must be withheld. What ever happened to 'Keep your laws off my body'?"
